

SAVE THE DATE

**Joint Cross Cutting Issue Workshop:
Water Efficiency in Process Industry –
current needs and innovative approaches**
8th February 2018 · DECHEMA · Frankfurt/Main · Germany

Joint initiative of SPIRE projects:

www.inspirewater.eu

www.rewacem.eu

www.spotview.eu

Workshop focus

- Efficient water management – current and future needs in the process industry
- Reduce water need and safe water supply
- Innovative technologies and concepts

Highlights

- Keynote lectures from process industry
- Presentations on industrial case studies from different sectors
- Discussion and networking with industrial water community (SPIRE projects, process industry, end users etc.)

Supported by

Participation free of charge.
